

MR. WHITEHEAD FOR GOVERNOR

The Senator Yields to the Earnest Request of Friends.

HONOR IS UNSOUGHT

But Compliments Have Been Paid Him By Leading Newspapers and Men.

He Had Never Aspired to the Nomination—First District Should Unite In His Support In the Interest of Harmony and Good Feeling—His Brilliant Record As a Legislator Has Won Him An Envious Reputation—Judge Orton For Delegate at Large—Political Notes.

Senator John M. Whitehead has consented to allow the use of his name as a candidate for the republican nomination for governor of Wisconsin.

This statement is made authoritatively. It has been the general opinion that the First Congressional district should be represented in the convention by a home candidate, and that the best interests of the district will be subserved if the district unite on some one man, and act as a unit. Senator Whitehead, in common with many others, believes that this is good politics, and, at the solicitation of friends, has consented to allow his name to be used.

It is generally conceded that the nomination should come to the southern part of the state. The Republican State Central Committee recognized this fact when, by unanimous consent, that body asked Hon. J. B. Treat to become a candidate.

Mr. Treat's Withdrawal. That Mr. Treat would have made a strong candidate has not been questioned and his friends regret that he did not deem it wise to enter the race.

The First congressional district will have 112 votes in the state convention. If the district is to command the respect to which it is entitled, it should go to the convention as a unit and act as a unit throughout the session. This is the only wise course to pursue, and this sentiment will be endorsed by all thoughtful republicans throughout the district.

To unite on a strong and able "home candidate" means union and harmony; no candidate means demoralization and weakness.

Senator Whitehead is admittedly an ideal candidate. He possesses the qualifications that would reflect credit upon the party and the state. He was one of the acknowledged leaders of the legislature and was identified, prominently with every measure that was drawn to benefit the people. His work attracted attention and favorable comment on the part of both the press and people throughout the whole state, and showed that Senator Whitehead possessed good judgment, keen insight, and statescraft in a high degree.

Sketch of the Senator. Senator John M. Whitehead was born July 29, 1852, on a farm near Hillsboro, Illinois. He was educated at a select school, Hillsboro academy, preparatory department of Wabash College, Crawfordsville, Indiana (1871-2), Williston Seminary, East Hampton, Mass. (1872-3), Yale College, (1873-7). At Yale he took his degree as A. B.

He studied law in the office of Leaming & Thompson at Chicago, and was admitted to the bar of Illinois in October, 1880. He became a resident of Wisconsin in August 1883, when he settled in Janesville to practice his profession. The Bower City has since been his home.

Senator Whitehead has always enjoyed the fullest confidence of the people, and has held many positions of trust and honor. He was elected to the state senate in 1896, and made a brilliant record as a champion of right, justice, and the people. He has held the office of president of the Young Men's Christian Association of Wisconsin, and is at present clerk of the Janesville Congregational church. He has also served as a member of the Rock County Board of Supervisors, being elected on the Republican ticket in a strongly democratic ward.

Friends Win Their Point.

The announcement that Senator Whitehead has consented to the use of his name will be good news to the people of Wisconsin, for no man in the state stands higher than he. He has been modest, and although his name has often been mentioned in connection with the office of governor, he has lent no encouragement to such a move, but has

said that his only ambition was to succeed himself in the state senate.

In response to urgent requests by his friends, however, he has decided to allow this announcement to be made, and The Gazette is pleased to be the medium through which it becomes public.

Judge Orton For Delegate

The people of Green and La Fayette counties are united in the support of Judge Philo A. Orton for the position of delegate at large to the republican national convention, and there appears to be no doubt but what their wishes will receive the consideration to which they are entitled. The following clipping from The State expresses the sentiment that appears to run throughout this part of Wisconsin:

It would seem that the republicans of the southern and southwestern portions of the state consisting of the first, second and third congressional districts could not do better than to unitedly present to the state convention the name of Hon. Philo A. Orton of Darlington, as a candidate for delegate at large to the national convention at Philadelphia. While it does not appear that Judge Orton has announced a desire for the position, he would no doubt appreciate the honor. He is widely and favorably known, is an able and independent republican, and he would be an excellent representative.

REPUBLICANS TO MEET

A meeting of the members of the republican ward and city committee and all the republican candidates will be held at the city clerk's office on Saturday evening, March 24, at 7 o'clock p. m. All members of the committees and all the candidates are requested to be present.

OPENING IN DISPUTE

Paris Architects Declare Exhibition Will Not Be Ready for the Public at the Time Set.

Paris, March 22—Friends of the Paris exposition are not entirely satisfied with the situation at this moment. Every one of the architects is furious with M. Picard, the commissioner-general, because he has announced that he will stand by the proposed date for opening—April 15. The architects declare that absolutely nothing will be ready on that date.

There is no end of worry, too, over the political situation. It is held in the best informed circles that there is serious danger of a cabinet crisis before the opening. Three interpellations have been announced for Friday and the supporters of the present government are exceedingly nervous. President Loubet is known to oppose the socialist representatives in the cabinet, and it is generally believed that he will prefer to perform the duties of the exposition season without M. Millerand and M. Baudin in the ministry, but M. Waldeck-Rousseau has declared repeatedly that the ministers must stand or fall together.

DEATH RATE IS SMALL

Otis' Campaign Mortality Only 74 a Month—Critics Claimed It Was 1,000.

Washington, March 22—War department officials deny recently published statements that Gen. Otis' campaign is costing upward of 1,000 men every month. According to the official records, since the American occupation of the Philippines, June 1, 1898, up to February 17, 1900, the date of the last official compilation, the actual mortality in the army in the Philippines was sixty-five officers and 1,460 men, a total of 1,525 or at the rate of seventy-four deaths a month. The report of Colonel Woodhull, chief surgeon of the Philippine army, shows that from the time American troops landed in Manila up to December 1, 1899, the total number of deaths were fifty-eight officers and 1,263 men.

Emperor Tells Ambassador White He Heartily Favors the American Policy in China.

Berlin, March 22—Emperor William entertained the ambassadors and their wives at luncheon yesterday. Thrice he engaged United States Ambassador White in conversation, and he referred repeatedly to the "open door" policy in China, which he emphatically espoused, saying:

"We must do our best to establish and maintain an open door there."

In the course of the luncheon the emperor discussed the new railroads in Asia Minor and Siberia, remarking:

"We are entering upon an era in commerce beyond anything we have yet dreamed of."

One State for All the Boers

London, March 22—The correspondent of the Times at Lorenzo Marques, telegraphing Tuesday, says:

"It is reported from Pretoria that a scheme has been arranged for the amalgamation of the Transvaal and the Free State. Kruger will become president of the federated states and Steyn, commandant general of the Boer army. The flag will be the same as that of the Transvaal, with an additional orange color."

EDITOR JOHN NAGLE DIES AT MANITOWOC

WELL KNOWN IN PRESS AND PUBLIC SCHOOL CIRCLES.

He Was Widely Admired Esteemed For His Interest In State Schools—A Democrat Who Placed Principle Above Party—Ill For a Week With Typhoid Fever.

Manitowoc, Wis., March 22—John Nagle, editor of the Manitowoc Pilot, known as widely in the educational circles of the state as among the newspaper fraternity, died at the hospital here at 5:30 o'clock yesterday afternoon, of typhoid fever.

The news of his death causes widespread sorrow here where he was known to everyone and esteemed by all. He had grown up in Manitowoc county, spending his boyhood days on his father's farm in Meeme and attending the district school. Later he taught in the district school of the county, for several years he was county superintendent of schools, and he has left the impress of his zeal and well directed efforts upon the schools of Manitowoc.

As editor of The Pilot, as a man interested in every movement designed to improve school methods in the state, as a Democrat, who always placed principle above party, he was widely known

John M. Whitehead.

and esteemed in Wisconsin. He has been president of the State Teachers' association and of the State Press association, and in both he was most highly regarded. As a Democrat he was against his party in the first Peck campaign and a champion of the Bennett law.

In 1896 he was a gold Democrat and opposed to Bryanism and free silver. The Pilot, under his management was one of the most influential of the weekly papers in the state and however much one might differ from Mr. Nagle in opinion, his utterances always commanded respect and his sincerity and high motives were never questioned.

Mr. Nagle is survived by a father, who is ninety years old, and six sisters, Miss Annie Nagle, Mrs. Ryan, Mrs. Michael Kirwin and Mrs. Broderick of this city, and Mrs. Malloy of Cedar Bluffs, Neb., and Mrs. Ella Baringer of Eau Claire, Mich., Judge Michael Kirwin, a brother-in-law.

MOORE OF KINGSTON MADE JUNIOR VICE

Board of Administration of the Wisconsin G. A. R. Met at Madison Yesterday.

Madison, Wis., March 22—After the funeral of Gen. Henry Harnden yesterday afternoon the Board of Administration of the G. A. R. met at headquarters in the capitol and elected C. W. Moore of Kingston to be junior vice commander, a position left vacant by the elevation of B. N. Robinson of Baraboo to the office of senior vice commander. On the death of Gen. Harnden, S. H. Tallmadge of Milwaukee, senior vice commander, became commander.

A motion was made to make the date of the state encampment earlier than that fixed—July 27 and 28—but after some discussion the matter was left to the commander, the assistant adjutant general and the assistant quartermaster general. The general opinion at headquarters is that the date will not be changed.

Savannah, Ga., March 22—Fifty thousand persons gave Admiral Dewey an enthusiastic welcome to Savannah Wednesday afternoon. Military companies were present from many southern cities and nearly 4,000 men were in line. The climax of the festivities occurred at the banquet at the De Soto hotel Wednesday night, where the admiral was presented a beautiful vase on behalf of the city of Savannah.

ALMOST A PAUPER NOW A MILLIONAIRE

HENRY HART OF NEW YORK REGAINS HIS FORTUNE.

Story Is Dramatic—The Turn of the Wheel Came In Three Days—One of Many Thrilling Stories In Connection With the Cable Line.

New York, March 22—The aftermath of the swift and brilliant triumph compassed by Mr. Whitney and his associates on Monday furnishes many surprises and much excitement.

Perhaps the most dramatic of the experiences is that of Henry Hart, who last week at this time was presumed to be almost a pauper, although a few weeks ago he was deemed one of the multi-millionaires of New York. The little nonagenarian (he is nearly 90 years of age) maintained, during the time he was apparently being hurled from the heights representing great wealth to the abyss of almost absolute poverty, such command over himself as brought to him many tributes of admiration.

All the constituent companies are to be united.

DEFEAT OF PLUMER NORTH OF MAFeking

Boers Attack Relieving Force at Lobatsi and Drive British Back.

MAFEKING MUST FALL

An Outline of Roberts' Plan of Action to Continue the War.

Will Advance Northward From Bloemfontein In Three Great Sections Each Taking a Different Route—Hopes to Envelope Boers Between Three Fires—Reported That Krueger Is Still Negotiating For Peace—One State For All the Boers.

Pretoria, March 22—[Special Cablegram]—Commandant Snyman attacked Col. Plumer's force at Lobatsi, twenty miles north of Mafeking today and the British fled. The Boers captured many prisoners and fifteen cases of ammunition with horses and guns.

This disposes of the present effort to relieve Mafeking. The probability is that the besieged city will be compelled to capitulate very soon.

Gatacre's Forces Repulsed.

Pretoria, March 22—[Special Cablegram]—A dispatch from Kroonstadt dated Tuesday says Gatacre's forces were repulsed with heavy losses near Bethulie. The Boers were commanded by Olivier. They took many British prisoners. The dispatch adds that many are burghers arriving at the new Free State capital and that desultory fighting with Plumer's column occurred near Gaberons.

Big Battle at Lobatsi

Lobatsi, March 22—[Special Cablegram]—The Boers are advancing in force from Mafeking toward Lobatsi, in command of Gen. Snyman. Col. Bodle made a reconnaissance toward Pitsani, twenty miles south, and found the place occupied by the Boers.

The Boers attacked the British left flank, using a Maxim gun, killing two Britishers. The Boers also had a twelve pounder four thousand yards distant. The Boer attack took the camp by surprise.

In the afternoon the Boers pressed the camp closely, but were finally repulsed by Bodle. Lieutenant Tyler was killed; Lieutenant Chapman, captured. The British right is protected by Bathoen, a native chief, who has warned the Boers not to enter upon his territory.

The Boers can be heard blowing up railroads south of here. The usual news budget from Mafeking is overdue.

Roberts' Plan of Operation

London, March 22—[Special Cablegram]—The great plans of Roberts and Kitchener are gradually becoming clear, and will develop during the next three weeks. Then Gen. Buller with forty thousand men will advance on Natal, so disposing of his forces that if any pass into the Transvaal or Free State is left unguarded he can go through it.

At the same time Gen. Methuen with twenty thousand men will advance toward Mafeking, entering the Transvaal from the west, while Gen. Roberts, being joined by Gatacre and Clements, together with all the other available forces, aggregating some hundred thousand men and four hundred guns, all advance northward from Bloemfontein.

He will thus be in a position to envelope any force the Boers can possibly bring against him and it is believed that he can thus catch the Boers between three fires which will bring the war to a speedy conclusion.

Desolation in Free State

Kimberley, March 22—[Special Cablegram]—Between here and Bloemfontein there lies desolation. All the farm houses are sacked. Free Staters blame the looting on the British soldiers. The Free Staters are disgusted with the war and distrust their own leaders, but are not disposed to forgive the British for this domestic havoc.

Object Of Milner's Trip

Cape Town, March 22—[Special Cablegram]—It is stated that Milner's trip north is not for the purpose of negotiating with the Boers, but of applying martial law where necessary in colonial and Free State districts. The Afrikaner Bond is holding meetings to further the policy of conciliation.

Kruger Again Seeks Peace

London, March 22—Several telegrams have passed between President Kruger and the British government in addition to the Salisbury-Kruger correspondence already published. The foreign office received a dispatch from Pretoria yesterday. The contents of these communications cannot yet be obtained.

SIGNS POINT TO PEACE.

Roberts Seems to Be Delaying Operations.

A THREE WEEKS' TRUCE.

Negotiations Now Proceeding and the Free-States Reported Willing to Submit—Transvaalers Still Appear Determined to Fight.

London, March 22.—Possibly the most important war news of the day is contained in this dispatch from Cape Town to the Daily Mail: "I have just arrived here from Bloemfontein. I was informed that no further movement was probable for three weeks, as some negotiations were proceeding. I was unable to learn the nature of these negotiations or whether Sir Alfred Milner's departure from Cape Town had any connection with them. There is, however, every sign that the Free-States are anxious to give up, and it would not be surprising if the war collapsed quickly, for though there are no definite indications of the feelings of the Transvaalers, many stories are afloat to the effect that they are anxious to cease fighting."

No news is yet at hand indicating a renewal of the British advance from Bloemfontein. Gen. Roberts is evidently quietly accumulating stores and transports. When his preparations are completed, however, there is little doubt he will move with his usual tremendous energy.

Lord Methuen's movements north of Kimberley are believed to be a prelude to the gathering of a column of 20,000 men, with Kimberley as a base, to strike eastward from Fourteen Streams into the Transvaal.

Gen. Gatacre is sweeping through the country like a cyclone, with flying columns in all directions. His swiftness and strategy have proved of inestimable value to Lord Roberts.

The main bodies of the Boers in the Free State are at Brantford and Kroonstad, but according to a Standard report in Bloemfontein, 4,000 Transvaalers from Colesburg are seeking to escape through the south of the state by way of the Basutoland border.

A curious story is reported this morning by the Times from Lourenco Marques, to the effect that a scheme has been effected for the amalgamation of the Transvaal and Free State. Mr. Kruger, it is said, is to be the first president of the federated states, while Mr. Steyn, as some solace for the loss of his presidential office, will receive the appointment of commander general of the Boer army.

SWITZERLAND SAYS NO TO IT.

Regretfully Declines to Mediate in South African War.

Berne, Switzerland, March 22.—The federal council has answered the Boer appeal for mediation as follows: "The Swiss federal council would have been pleased to co-operate in friendly mediation in order to end further bloodshed, but as the presidents of both South African republics have directly approached the British government in order to conclude peace on a basis indicated, and the British government has shown itself against the proposal, and as, furthermore, the British government has declared to the cabinet at Washington that it did not propose to accept the intervention of any power, the Swiss federal council, to its regret, must also renounce the idea of taking any steps on the lines of the request made by the presidents of the South African republics. There remains for the federal council, in the circumstances, nothing but to express its sincere wish that the belligerents will have succeeded, at no distant date, in finding a basis for an understanding honorable to both parties."

London, March 22.—The death of Osman Pasha, the famous Turkish general, is not credited here. It was not printed in any London paper, nor has it appeared since, and there has been no confirmation of the story.

Government Bonds Lower.

New York, March 22.—Sales of new 2 per cent United States refunding bonds, "when issued," were made at 104 on the New York stock exchange Wednesday. Last week the bonds were quoted as high as 106½. The bonds are falling to a level where the banks will want to buy them, and the decline will facilitate their use as a basis for circulation.

Kaiser Favors Open Door.

Berlin, March 22.—Emperor William entertained the ambassadors and their wives at luncheon Wednesday. Thrice he engaged United States Ambassador White in conversation, and he referred repeatedly to the "open door" policy in China, which he emphatically espoused, saying: "We must all do our best to establish and maintain an open door there."

CANAL COMMISSIONERS ARRIVE

Assert That the New Nicaragua Canal Is Best.

New York, March 22.—Two of the engineer members of the isthmian canal commission arrived here today direct from Colon and left immediately for Washington. They are Col. Peter C. Hains and Alfred Noble, both of the regular army. Both talked freely of the enterprise. They confirm reports that the new route of the Nicaragua canal should be decided on. The new curving route from Greytown to Lake Nicaragua was easy and cheap. Dangerous rocks had not been found in the lake. There were a few rocks, but their heads could be blown off, leaving the passage safe.

Commissioner Noble said that it was true that the commission had found that the sand in Greytown harbor was gradually moving, and he said that if Greytown was used as a terminus a big jetty would have to be built and continual dredging done to keep the passage clear. There would be no need of dredging at the western end of the proposed Nicaragua canal. Neither of the Panama canal harbors needed dredging.

Commissioner Hains said: "It is im-

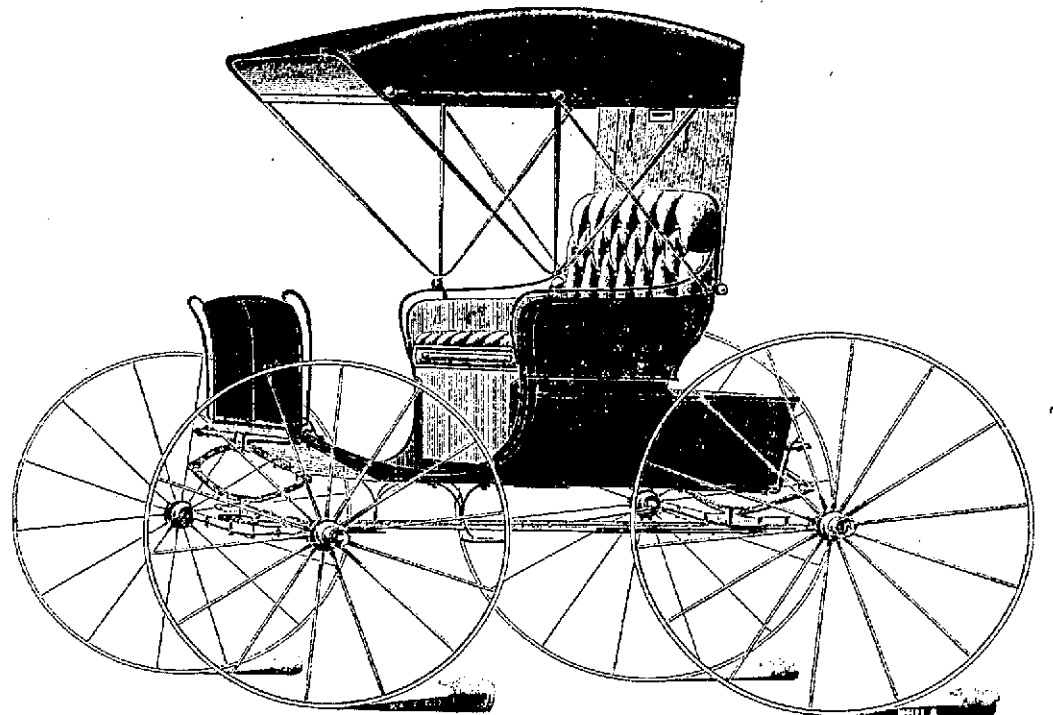

possible to set even an approximate date for presenting our formal report to the state department. Unless congress requests, we shall submit no preliminary report. Until our work is done, therefore, it is improper for any of the commission to speak in regard to the merits of the several routes proposed."

1822—Rosa Bonheur, artist, born in Paris; died 1898. Rosa (Realie) Bonheur was a native of Bordeaux, the daughter of an artist. Her father instructed her in drawing, but she turned from studies to living models, which she learned to represent with uncommon fidelity.

She dressed in male garb and frequented horse races and fairs to gather materials. At the age of 28 she produced a picture still esteemed her masterpiece, "The Nivernais Plowing." Another noted work, "The Horse Fair," is perhaps the best known in America. It is in the Metropolitan Museum of Art in New York.

1832—Goethe, German author, died; born 1749.

1896—Thomas Hughes, author of "Tom Brown's School Days," died at Brighton, England; born 1834.

1898—General Wheelock Graves Vezey, a noted Vermont veteran and jurist, died in Washington; born 1835.

SENATOR WHITEHEAD FOR GOVERNOR.

The Gazette is pleased to call attention to the announcement published in another column, that Senator John M. Whitehead has yielded to the requests of his friends and consented to the use of his name as a candidate for the republican nomination for governor.

Many of Wisconsin's leading newspapers as well as leading men have expressed a desire to see Senator Whitehead's name upon the lists as he is widely known throughout the state as a champion of the people, and a keen, far-sighted and thoroughly reliable man, possessing all the elements of popularity, solidity, and statesmanship.

At no time, however, has Senator Whitehead aspired to this nomination, and his only ambition has been to succeed himself in the senate. It is only at the urgent solicitation of his friends in this and other sections of the state that he has consented to this announcement—the honor has come to him wholly unthought of.

As a member of the state senate, he has won an enviable reputation, and challenged the admiration of all who kept in touch with the proceedings of the legislature. No man in Wisconsin has a better name among the people, and no man possesses in a more marked degree the qualities demanded in a governor.

There are many reasons why Senator Whitehead should be the nominee of the state convention. It is not necessary to enumerate them here, as his record in an open book to the people of Wisconsin. His candidacy will meet with ready favor, not only in the first district, but throughout the state, for, as was said by the esteemed Superior Evening Telegram some days ago: "It is not a man that is wanted, but the man"—and Senator John M. Whitehead of Janesville, certainly fills the bill.

FREE TRADE IN PAPER: The American Economist does not favor the plan of putting paper on the free list, and in support of its position, says:

"There is no industry, the development of which illustrates the benefits of the protective policy more than that of the manufacture of paper. Every editor in the country must recognize the fact that with development in manufacturing prices have gradually decreased. At the same time the United States has become the greatest paper manufacturing nation in the world. Recently, however, a proposition has been introduced into congress by a free trade congressman, to place newspaper and pulp upon the free list. It is but natural that there should be some following to this proposition, both on account of the minority free trade element in congress and the ignorance of a large portion of the said minority. There are, however, some facts in this connection that are worthy of consideration.

"On account of the great production of spruce in Canada and the never failing water supply, Canada with free trade would become the paper producing nation, and our industry, comprising almost one thousand mills, would have to either go out of business or move to Canada. The author of the bill to place newspaper and pulp on the free list probably did not know that the duty upon paper from the United States to Canada is 25 per cent., and that our duty upon paper coming from Canada is equivalent to 15 per cent. He also probably did not know that in certain provinces in Canada an internal tax, known as a 'stumpage tax,' is placed upon spruce, which amounts to \$1.00 per ton of pulp or per cord of wood exported to the United States. Free trade on imported paper, the Canadian 'stumpage' tax upon spruce, and the duty upon paper going into Canada would result in the absolute transfer of the paper industry to Canada, thus building up the most gigantic monopoly of paper ever known. An increase in the cost of paper to the consumer would follow as a matter of course. In view of these facts, which are so well understood by the greatest consumers of the product in this country, it seems astonishing that this industry should be singled out for slaughter by free traders. It is safe to say, however, that the bill introduced for the abolition of duty on newspapers and pulp will never leave the ways and means committee of the present congress."

The Chicago Journal asks this question: What earthly chance has a man named Rose against one named Baumgartner for mayor of the city of Milwaukee?

None at all, of course, but the names are not significant. It is a question of republicanism versus democracy.

A good many people are anxious to know what route will be followed by the new railway line, and we understand, the same question is also bothering the railroad managers more or less. Therefore one man's guess would appear to be as good as another's.

The general opinion seems to be that the new caucus law is all right. An "official ballot" of some sort would be about the only improvement that could be suggested.

There is no question but what Milwaukee enjoys the sweet blessings of "home rule."

W. H. H. Macloon is certainly a winner because the people are with him.

SILK BURGLARS MAKE FOR CHICAGO

Sheriff W. H. Appleby Secures Clues That May Lead to the Arrest of the Thieves.

Sheriff W. H. Appleby is home from Beloit, where he was called yesterday to investigate the burglary of \$700 worth of silk from the dry goods store of Bort, Bailey & Company. From clues obtained it is evident that the robbers made direct for Chicago with their plunder as soon as committing the robbery.

The burglary was the work of men who have been long at the business. The manner in which the burglars secured an entrance is discovered. They placed a ladder to the second story of an adjoining building, removed a pane of glass and made their way to the carpet department of the dry goods store. From there they went to the silk department, where the goods in which they were in search were found.

EVIDENCE IN HORLOCKER CASE

Jury Is Completed—Argument of Counsel—Eight Witnesses Testify.

Hastings, Neb., March 22.—In the Horlocker poisoning case a jury has been impaneled composed of farmers, with one exception. The defendant, accompanied by her sisters, Mrs. Cheever and Mrs. George Hayes, was greatly affected during the proceedings, and kept her face buried in her hands nearly all the afternoon. Mrs. Morey, whose life the defendant is charged with attempting, broke down and cried on entering the courtroom, and again when Mr. Morey was bitterly arraigned by counsel for the defense, and charged with being responsible for defendant's mental condition and her subsequent acts. Eight witnesses testified to seeing the defendant on the day the crime is alleged to have been committed, tracing her from the Bostwick hotel to Mrs. Morey's rooms. Mrs. Morey took the stand, and told of seeing the defendant in the Bostwick dining-room and finding on her return to the studio a package containing candy, with Miss Kirby's card, and identified the card presented in evidence by the state. She said she ate a piece of the candy; that it caused a burning sensation in the stomach, followed by nausea, which continued for several days.

SAVES SIX CHILDREN.

Gallant Work of Colored Man in a New York Fire.

New York, March 22.—Six lives were saved by the gallant work of a young colored man during a fire at a flat house in West One Hundred Thirty-fourth street. The man's name is M. S. Anderson. He detected the fire while on his way to work. The flames had gained considerable headway, and in a window of the second story stood a man named Nelson with his six little children, their escape having been cut off by the flames. With two passers-by Anderson ran into the building next door and up to the third floor. With his companions holding his legs Anderson swung head downward and forward, managing to reach the children as they were held up to him by the father. All were taken out safely in this manner. The firemen brought the other occupants of the building down the ladder.

DRS. GIVEN ANOTHER CHANCE

This leaves about 200 who have so far failed to comply with the law, and who have now but a few days left in which to register or lose their occupations. Secretary Ludwig, who returned to his home in Richland Center yesterday afternoon, said that the board members were anxious to give the doctors all the chance possible to comply, but that on April 1 there would be no alternative but to let the law take its course.

Beveridge Will Not Speak Today.

Washington, March 22.—On account of the earnest efforts being made by republican senators to reach an agreement on Puerto Rico which all republican senators can conscientiously support, Senator Beveridge will not, for the present, urge his amendment for consideration, and will postpone speaking on the subject until such agreement as the republican senators are able to make, if any, is reported.

BUTCHERS' BALL MAY CAUSE TROUBLE

Ex Alderman Henry Kueck Says That the Butchers Themselves Are Not Giving the Party.

Ex-Alderman Henry Kueck says that the so-called butchers' ball to be given at the armory on the evening of Monday, April 15, is not given by the meat market proprietors themselves but by a number of their employees. Mr. Kueck says that many of the butchers have not even been consulted regarding the coming ball. When asked if another butchers' ball was likely to be given this year Mr. Kueck said that that was a question that remained to be seen.

Infants Visit Longfellow's Home.

Boston, Mass., March 22.—Cragie house, the home of the poet Longfellow, at Cambridge, Mass., was visited Tuesday by members of the Ojibway tribe of Indians of Canada. The Indians were the nephew and grandson of an old chief, who died recently at the age of 86 years. Longfellow, it is said, spent many months with the old chief while in quest for material for his "Song of Hiawatha," and a mutual affection sprung up between the two men.

CHICAGO BARBER SHOT DEAD.

R. W. Gilchrist Slain at His Chair
by An Unknown Assassin.

HE OPENS A DOOR AND FIRES.

Waits Until His Victim Falls—Then He
Vanishes, Leaving Little Clue to His
Identity—Man Who Saw the Tragedy
Thought a Joke Was Being Played.

Chicago, March 22.—Robert W. Gilchrist, proprietor of a barber shop at 1764 Twenty-second street, was shot and instantly killed while preparing to shave a patron in his shop at 7:45 o'clock Wednesday night.

The assassin used a rifle, and the bullet, which entered Gilchrist's head back of the right temple and lodged under the skin back of the left ear, passed through the brain. The identity of the assassin is unknown to the several witnesses of the murder, and the police have the aid only of a description in effecting his capture.

The method of the murder was deliberate. The assassin came to the door of the shop, opened it about half way, took a slow aim at his victim and fired. He then disappeared as silently as he came, before the men in the shop could recover from their astonishment and give pursuit. Gilchrist had not turned toward the door, and appeared unaware of the presence of the stranger. As the ball struck him he sank to the floor and expired.

S. G. Jeffries, a customer awaiting his turn, describes the affair as follows: "Gilchrist had adjusted the napkins about the man in his chair, and was standing behind it, with his side toward the door. I saw the stranger approach the door and, without any hesitancy, open it. He carried a rifle. When he took aim at the barber I had no thought but that he was some friend of Gilchrist's playing a joke. He held the gun at arm for several seconds and then fired. Until I heard the shot I believed he was only joking, and expected to see him lower the gun and walk in. He watched Gilchrist sink to the ground, and then started to run away."

The police have received information which leads them to believe that jealousy may have been the motive of the crime. A man who was on intimate terms with the barber says the latter often spoke of an acquaintance with a married woman.

JEALOUS HUSBAND'S PLACARDS.

Posts Notices That His Wife Has Transferred Her Affections.

Chicago, March 22.—When Warren L. Bristol found that his photograph had been removed from the family album and the picture of another man inserted in its place he parted from his wife, and then advertised his troubles upon placards, which he posted on lamp posts and telegraph poles throughout Englewood. The card announced that Frank Kahn, a boarder, had usurped his place in his wife's affections.

THREE FOUND UNDER THE ICE.

Bodies of Clayton, Reife, and Olsen,
Klondike Men, Are Discovered.

Victoria, B. C., March 22.—The police have found the bodies of Clayton, Reife and Olsen, the three men who have been missing since they left Dawson, in November last. They were found under the ice, some distance from the trail, and in possession of O'Brien, the man held on suspicion of being the murderer, were found a number of articles belonging to Reife, and in the cabin which he occupied, near the scene of the murder, the remains of some burned clothing.

Tar and Feathers for Fanatics.

Gretna, Neb., March 22.—A mob took Louis Figg and wife, religious fanatics, from their beds at 11 o'clock Wednesday night and treated them to a coat of tar and feathers. For a year or more Figg, by some peculiar influence, induced several women to leave their husbands, homes and children and live with him. The women refused to return to their homes, saying that Figg was their God and their husbands the devils.

May Have Fooled Goebel Men.

Middlesboro, Ky., March 22.—A telegram from Winchester says Wharton Golden, who it is claimed turned state's evidence and told who had assassinated Goebel, had "gold-bricked" Tom Campbell and Bob Franklin, attorneys for the democrats in the Goebel assassination case, and that Golden was there with Smith Hayes, "having a good time" with the money paid. Golden, it is said, is laughing at the way he "worked" the democrats.

DARROW DEFENDS UNIONISM.

Levy Mayor Testifies Against Laws on Trusts and Combinations.

Chicago, March 22.—Clarence S. Darrow and Levy Mayer, attorneys representing antagonistic interests in industrial lines, were the principal witnesses before the industrial commission at the Auditorium hotel Wednesday. Mr. Darrow, who was the attorney for Eugene Debs during the American Railway union strike in Chicago, spoke from the standpoint of the workingman and replied to the statements made by Mr. Chalmers Tuesday. Mr. Mayer, promoter and leading trust and corporation attorney, held views radically opposed to those of Mr. Darrow, and the burden of his testimony was directed against the laws on trusts and combinations existing in Illinois. Both made strong arguments, although but little was said upon the present labor troubles in Chicago.

TO DIVIDE PUERTO RICAN BILL

Tariff and Civil Government to Be Separate Measures.

FORTY-FOUR VOTES CLAIMED.

First Proposition Will Be Pushed to a Vote and the Other Taken Up Later—Decision Made by the Republican Harmony Committee.

Washington, March 22.—The harmony committee of republican senators has decided that it will be wise to split the pending Puerto Rican bill, separating the tariff from the civil government feature. An agreement has been reached to press the 15 per cent tariff proposition to a vote in the senate as quickly as possible, leaving the government feature to be disposed of later.

The opinion is expressed by members of the committee that the vote may be reached next week. Whether the bill shall be passed just as it came from the house is to be determined, but the sentiment of the committee last night was that this would be the safest plan. Forty-four votes are reported sure for the tariff, as the result of the canvass.

The bill temporarily to provide revenues for Puerto Rico was taken up in the senate yesterday. Several formal amendments were offered by Mr. Foraker and were agreed to, and the bill again went over. The conference report on the Puerto Rican "two millions" bill was presented by Mr. Allison, and it also went over. The Cuban-American league has sent a petition to congress asking that free trade be established between the United States and Puerto Rico.

LENTZ'S IRE IS AROUSED.

Accused of Being Attorney for the Anti-Postal Bill Lobby.

Washington, March 22.—The debate on the Loud postal bill in the house on Wednesday was enlivened by a charge that Representative Lentz (dem., Ohio) was attorney for the lobbyists against the bill. It was made by Representative McPherson (rep., Iowa) in a speech immediately following one by Mr. Lentz. Mr. Lentz denounced the charge as an unmitigated falsehood, and retorted that the man who said he was attorney for a lobby was himself the agent of express companies.

In the senate a resolution was offered by Mr. Turner (dem., Wash.) and was agreed to, directing the secretary of war to inform the senate whether any concession or grant to excavate the gold-bearing bed of the sea at Cape Nome, Alaska, or in other Alaskan waters, had been made to any individual, corporation or association by the secretary of war, or by any other official of the war department, and if so upon what theory or power or authority such concession or grant has been made.

Another resolution was offered by Mr. Pettigrew and was agreed to directing the secretary of war to inform the senate as to the qualifications required of voters in Cuba at the coming election, the purpose of the election, who has charge of it, and who prescribes the qualifications of voters.

The urgent deficiency bill was passed and a conference was ordered on the legislative appropriation bill.

One of the most important documents not before made public is a strong argument by former Secretary of State Evarts against permitting the Panama canal to be used by an enemy of the United States in time of war, which has a direct application to the present Hay-Pauncefote convention.

The engineer misunderstood the signals and there was a frightful railroad collision, with terrible loss of life. The whole country was appalled by that accident.

There is doubtless a far greater loss of life occurring every day, in various sections of the country, for which the only excuse is,—"the doctor didn't understand the symptoms." These cases are not the subjects of special inquest or the country would be agitated at the sacrifice of life to ignorance.

It has been the experience of Dr. R. V. Pierce and his staff of assistant physicians, that ninety-eight out of every hundred persons submitting to their treatment can be cured. People given up by the local physicians, weak, emaciated, with stubborn coughs and bleeding lungs have been absolutely cured by use of Dr. Pierce's Golden Medical Discovery.

Sick people are invited to consult Dr. Pierce by letter free. All letters are held as strictly private and treated as sacredly confidential. Answers are mailed in plain envelopes without any printing on them.

Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house," says Mrs. G. E. Kerr, of Fort Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better. I took five bottles of it and have not yet had any return of the trouble."

St. Louis Fair Committee Named.
Washington, D. C., March 22.—When the house met Mr. Dalzell (Pa.), from the committee on rules, presented a report from that committee for the appointment of a special committee of nine to consider all proposed legislation relative to the celebration of the 100th anniversary of the purchase of the Louisiana territory at St. Louis in 1803.

The speaker appointed the following committee: Messrs. Tawney (Minn.), Steele (Ind.), Sherman (N. Y.), Joy (Mo.), Corliss (Mich.), Burke (S. D.), republicans, and Messrs. Williams (Miss.), Bartless (Ga.), and Otey (Va.), democrats.

Gen. Joe Wheeler Would Accept.
Washington, March 22.—Gen. Joseph Wheeler says that he would accept a commission as brigadier general in the regular army if it were offered to him by the president, but no promise to that effect has been made. There will be a vacancy on the retirement of Maj. Gen. Wesley Merritt in June, when Gen. E. S. Otis is eligible to succeed the latter. No action has been taken on the suggestion that Gen. Wheeler be assigned to command the department of the Lakes under his volunteer commission.

THE SEARCH STOPS.

The Right Thing Has Been Found. A Janesville Citizen Shows the Way.

Once more we are indebted to a Janesville citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says:—"My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longed for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed, Tender not highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."
